

Easter Intensive Courses

The course

Our Easter courses are designed to give you the chance to develop your language skills in an intensive period. In our courses the main focus is on improving speaking skills and the grammar and vocabulary needed to achieve this.

Teachers use material which is directly and immediately relevant to your daily life. Teachers use articles from newspapers or books to act as a basis for discussing hobbies, likes and dislikes, politics, travel, daily activities and a variety of topics. Through exercises of vocabulary and grammar, we aim to help you express yourself.

The 15 hour-1 week session.

You will have lessons of 3 hours a day for five days¹.

This is a very intensive course, but it gives you the chance to quickly improve your skills. You will need to study a certain amount of grammar and vocabulary at home and this is recommended only for those students with more free time.

These sessions of 3 hours cover general themes and material. In particular, we will focus on a combination of English in context themes and development of different skills each day. These typically include reading skills, writing skills, news topics, video lessons, global issues, and conversation round-tables.

¹ When Good Friday or Easter Monday falls within the week of the intensive course, lessons will be held for four days only. Either the number of hours or the fee will be adjusted accordingly.

Languages Unlimited

All our groups are small which gives you the chance to really participate in the class and allows the teacher to focus on all the students.

Easter courses are open for both adults and younger students. However, students under the age of 16 are not included in adult groups. We organise special courses for children and young teenagers.
