Summer Intensive Courses 2011

27th June to 29th July
15th August to 26th August

The course

Our summer courses are designed to give you the chance to develop your language skills in an intensive period. In our courses the main focus is on improving speaking skills and the grammar and vocabulary needed to achieve this.

Teachers use material which is directly and immediately relevant to your daily life. Teachers use articles from newspapers or books to act as a basis for discussing hobbies, likes and dislikes, politics, travel, daily activities and a variety of topics. Through exercises of vocabulary and grammar, we aim to help you express yourself.

The format of our summer course has been developed over many years by our team of experienced teachers. Our experience shows that the 3 hour daily session is the best suited to learners living, working or studying here in Brussels who are also actively following a language course.

You will have lessons of 3 hours (see note) a day for at least one week. This is a very intensive course, but it gives you the chance to quickly improve your skills. You will need to study a certain amount of grammar and vocabulary at home.

These sessions of 3 hours cover general themes and material. In particular, we will focus on a combination of English in context themes and development of different skills each day. These typically include reading skills, writing skills, news topics, and video lessons.

15 HOURS (1 week): **200 € (4-8 students)**
 225 € (3 students)
 300 € (2 students)

(Note) It is also possible to have two hour lessons a day. Fees are available upon request.

Summer Intensive Courses 2011

All our groups are small which gives you the chance to really participate in the class and allows the teacher to focus on all the students.

Summer courses are open for both adults and younger students. However, students under the age of 16 are not included in adult groups. We organise special courses for children and young teenagers.

Lessons are held in the morning and the afternoon. The times of the lessons will be decided before each session.

Participants are free to participate in more than one session.

Registration

If you would like to join one of our summer courses, please contact the school by telephone, e-mail or you can download the registration form from our web site. Return the form to the school and we will contact you to arrange a short oral test before we organise the groups.

Due to demand for these courses and the limited number of places available, we ask you to register for the course as early as possible.
